

Social Security Solutions, LLC

Helping you navigate the Social Security System

Social Security Solutions LLC provides assistance, direction, and information to individuals and businesses with Social Security retirement, disability, survivor, and Medicare issues. The Principal of Social Security Solutions, **Dennis Heywood**, is an authority in all phases of Social Security Administration programs. Denny has expertise with the complex and ever-changing Social Security regulations based on over 33 years experience:

- Social Security Claims Representative (5 years)
- Social Security Supervisor (24 years)
- Office Manager for a disability law firm (2 years)

In addition, Denny's unique, customer-focused approach eliminates the stress of dealing with the government. Consultation and claims filing can be done in a comfortable, relaxed atmosphere of Denny's office or even over the phone. This eliminates the long waits and frustrations of visits to the Social Security offices. Dennis is available before, during and after the claims process to provide support and answer questions.

Most importantly, Denny provides sound guidance on pre-retirement and retirement benefit issues such as:

- The Annual Earnings Test: Is it possible to keep working and still receive some retirement benefits?
- How do earnings affect Social Security benefits if received before the Full Retirement Year? Is money being left on the table?
- Who is eligible for what benefits and when to file?
- What are the choices that spouses, divorced spouses, widows and divorced widows have at age 60, 62 or in their Full Retirement Year?
- What is the eligibility for a Special Enrollment Period (SEP) of Medicare Part B?
- What is the effect of increases in Adjusted Gross Income on Medicare Part B premiums?
- How does one file for disability benefits in conjunction with retirement benefits?

Social Security Solutions LLC provides individual pre-retirement analysis, assists individuals filing retirement and disability claims online, conducts Social Security Seminars for professionals, businesses, and their employees and/or clients, and researches Social Security issues for professionals and businesses.

Conduct your Social Security business in a relaxed atmosphere knowing you have the assistance of an expert who is on *your* side.
